## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1082-1083 (Third Review)]

### Chlorinated Isocyanurates From China and Spain; Institution of a Five-Year Review

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine whether revocation of the antidumping duty orders on chlorinated isocyanurates from China and Spain would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

**DATES:** Instituted October 1, 2021. To be assured of consideration, the deadline for responses is November 1, 2021. Comments on the adequacy of responses may be filed with the Commission by December 14, 2021.

**SUPPLEMENTARY INFORMATION:**

*Background.*—On June 24, 2005, the Department of Commerce (“Commerce”) issued antidumping duty orders on imports of chlorinated isocyanurates from China (70 FR 36561) and Spain (70 FR 36562). Following the five-year reviews by Commerce and the Commission, effective October 13, 2010, Commerce issued a continuation of the antidumping duty orders on imports of chlorinated isocyanurates from China and Spain (75 FR 62764). Following the second five-year reviews by Commerce and the Commission, effective November 29, 2016, Commerce issued a continuation of the antidumping duty orders on imports of chlorinated isocyanurates from China and Spain (81 FR 85927). The Commission is now conducting a third review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

*Definitions.*—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are China and Spain.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, its expedited first five-year review determinations, and its full second five-year review determinations, the Commission defined a single *Domestic Like Product* as all chlorinated isocyanurates, coextensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic*

*Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as all of the domestic integrated producers of chlorinated isocyanurates as well as all domestic tableters (“tableters”) of chlorinated isocyanurates, which are those companies that only tablet and repackage chlorinated isocyanurates. The Commissioners were evenly divided in the original determinations with respect to whether or not to include tableters in the domestic industry. Three Commissioners found that tableters engaged in sufficient production-related activities to qualify as domestic producers and three Commissioners found that they did not. In its expedited first five-year review determinations, the Commission defined the *Domestic Industry* as all of the domestic integrated producers of chlorinated isocyanurates, and did not include tableters in the domestic industry. Two Commissioners found that the *Domestic Industry* includes tableters. In its full second five-year reviews, the Commission defined the *Domestic Industry* as all of the domestic integrated producers and tableters of chlorinated isocyanurates. One Commissioner found that tableters did not engage in sufficient production-related activities to qualify as domestic producers.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

*Participation in the proceeding and public service list.*—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding

underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post-employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202–205–3408.

*Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.*—Pursuant to § 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

*Certification.*—Pursuant to § 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract

personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

**Written submissions.**—Pursuant to § 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is November 1, 2021.

Pursuant to § 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is December 14, 2021. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at [https://www.usitc.gov/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf), elaborates upon the Commission's procedures with respect to filings. Also, in accordance with §§ 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

No response to this request for information is required if a currently valid Office of Management and Budget ("OMB") number is not displayed; the OMB number is 3117 0016/USITC No. 21-5-499, expiration date June 30, 2023. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.

**Inability to provide requested information.**—Pursuant to § 207.61(c) of the Commission's rules, any interested party that cannot furnish the

information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to § 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determination in the review.

[Docket No. 21-16]

#### William C. Gardner, D.D.S.; Decision and Order

On May 11, 2021, the Acting Administrator, Drug Enforcement Administration (hereinafter, DEA or Government), issued an Order to Show Cause and Immediate Suspension of Registration (hereinafter, OSC) to William C. Gardner, D.D.S. (hereinafter, Respondent) of Albuquerque, New Mexico. OSC, at 1. The OSC informed Respondent of the immediate suspension of Respondent's Certificate of Registration No. BG9826427, because Respondent's continued registration constitutes "an imminent danger to the public health or safety." *Id.* (citing 21 U.S.C. 824(d)). The OSC also proposed the revocation of Respondent's DEA registration pursuant to 21 U.S.C. 824(a)(3), because Respondent has "no state authority to handle controlled substances." <sup>1</sup>*Id.*

Specifically, the OSC alleged that the New Mexico Board of Dental Health Care (hereinafter, Board) issued a Decision and Order on November 26, 2019. *Id.* at 2. According to the OSC, this Decision and Order revoked Respondent's New Mexico dental license following the Board's findings, *inter alia*, that Respondent submitted false claim forms to an insurance provider to obtain payment for an unnecessary dental procedure, falsified a radiography (x-ray), and failed to cooperate with the Board's investigation. *Id.* Respondent appealed and obtained a stay of the Board's Decision and Order, but the appeal was dismissed, the stay was lifted, and the

<sup>1</sup> The OSC also proposed the revocation of Respondent's DEA registration pursuant to 21 U.S.C. 824(a)(4) because "[Respondent's] continued registration is inconsistent with the public interest." *Id.* However, in its Submission of Evidence and Motion for Summary Disposition (hereinafter, Motion for Summary Disposition), the Government requested that the motion be granted based on the lack of state authority allegation and stated that if its motion was granted, "the Government would not intend to continue with [the] proceedings regarding the allegations that Respondent's continued DEA registration would be inconsistent with the public interest." Motion for Summary Disposition, at 1 and 7. On July 19, 2021, the Administrative Law Judge assigned to this case issued an Order Granting the Government's Motion for Summary Disposition, and Recommended Rulings, Findings of Fact, Conclusions of Law, and Decision of the Administrative Law Judge (hereinafter, RD) that granted the Government's Motion for Summary Disposition. RD, at 10. Accordingly, I will not consider the Government's public interest allegations and will only consider the record as is relevant to the lack of state authority allegation.
