filing day—day 31.4 Commerce’s practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.5 Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.6

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at https://access.trade.gov/help/Scope_Ruling_Guide.pdf. Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to serve scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list due to the announcement month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.7

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to James Maeder, Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to CommerceCLU@trade.gov.

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

James Maeder,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Circular Welded Carbon-Quality Steel Pipe From Oman, Pakistan, and the United Arab Emirates: Final Results of Expedited Sunset Reviews of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these expedited sunset reviews, the Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on circular welded carbon-quality steel pipe (CWP) from Oman, Pakistan, and the United Arab Emirates (UAE) would likely lead to a continuation or recurrence of dumping at the levels identified in the “Final Results of Sunset Reviews” section of this notice.

DATES: Applicable February 18, 2022.

SUPPLEMENTARY INFORMATION:

Background

On December 19, 2016, Commerce published the AD orders on CWP from Oman, Pakistan, and the UAE in the Federal Register.8 On November 1, 2021, the Department of Commerce (Commerce) published the notice of initiation of the first sunset reviews of the Orders, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).9 On November 16, 2021, Commerce received timely and complete notices of intent to participate in these sunset reviews from Nucor Tubular Products Inc. (Nucor Tubular), Bull Moose Tube Company (Bull Moose), Wheatland Tube Company (Wheatland Tube), and Maruichi American Corp (Maruichi American) (collectively, domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(4)(i)).10 The domestic interested parties claimed interested party status under section

2 See Initiation of Five-Year (Sunset) Reviews, 86 FR 60201 (November 1, 2021).

On December 1, 2021, the domestic interested parties filed timely and adequate substantive responses, within the deadline specified in 19 CFR 351.218(d)(3)(i).5 Commerce did not receive adequate substantive responses from any respondent interested party, nor was a hearing requested.6 As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(iii)(C)(2), we determine that the respondent interested parties did not provide an adequate response to the notice of initiation and, therefore, Commerce conducted expedited (120-day) sunset reviews of the Orders.

Scope of the Orders

The merchandise covered by the Orders is CWP from Oman, Pakistan, and the UAE. For a complete description of the scope of the Orders, see the Issues and Decision Memorandum.7

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews is provided in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at https//access.trade.gov/public/FRNoticesListLayout.aspx.

Final Results of Sunset Reviews

Pursuant to sections 751(c) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the Orders would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average margins of up to:

<table>
<thead>
<tr>
<th>Country</th>
<th>Weighted average dumping margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oman</td>
<td>7.36</td>
</tr>
<tr>

<td>11.80</td>
</tr>
<tr>
<td>UAE</td>
<td>6.43</td>
</tr>
</tbody>
</table>
